#### Dear students:

Each year many of you contribute to the annual Yearbook. For most of you this book is now a record of the past year, your friends, and school activities. In the years to come however, it will become a more personal record of you and where and what you are doing during your early adulthood. In the complexity of 20th century life, many people lose track of their past, of the friendship and values they had when they were young. If ten or twenty years from now this book can remind you of friends, your own personal growth and the life long need to listen and learn, then it will more than repay you for the effort you contribute to it now.

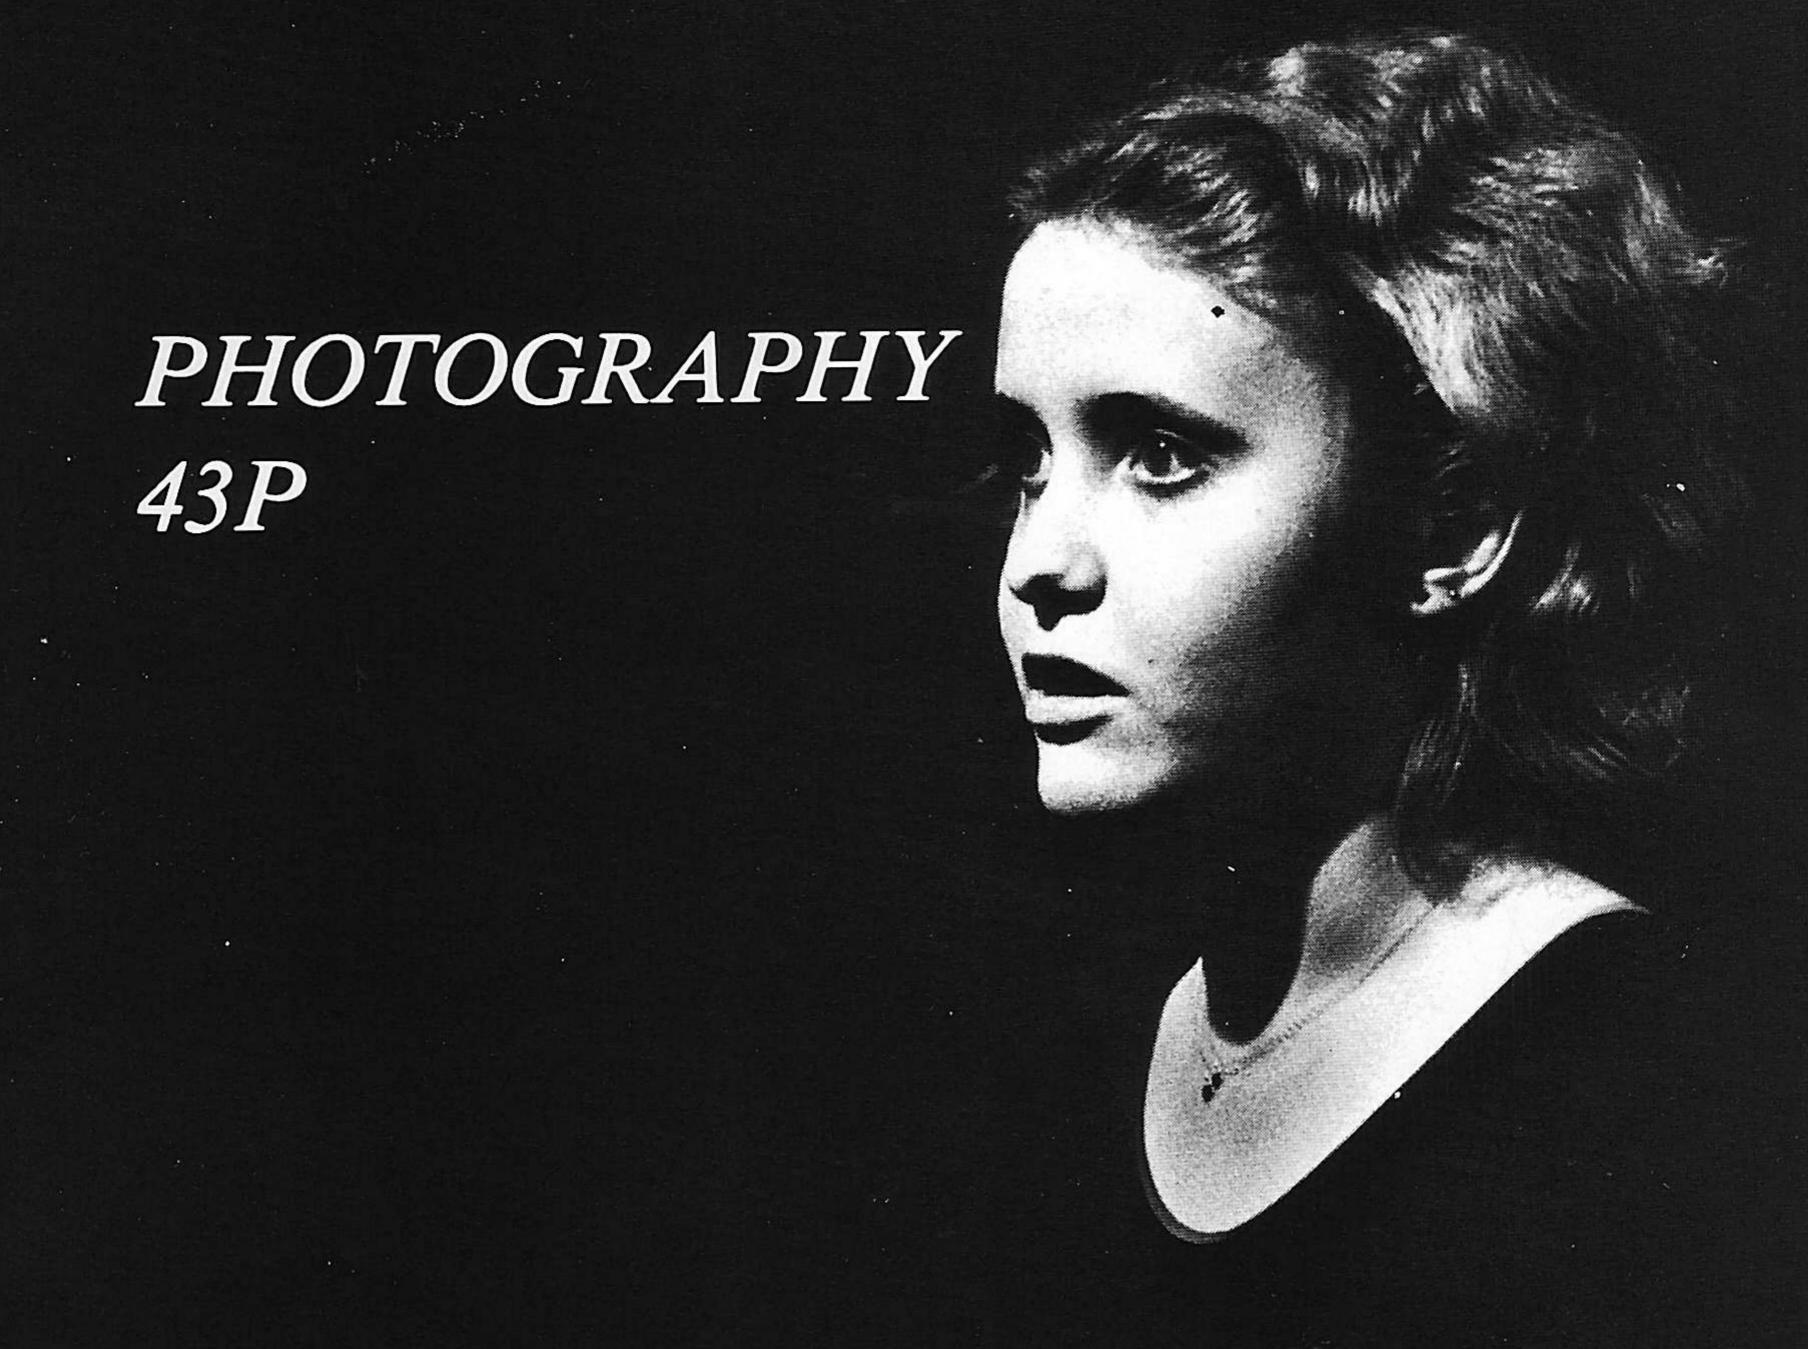

For many of us, this is our last year at Westview. I hope all of you are looking forward to the future, but will retain as I had warm memories of the staff, the music, the clubs and athletics and all the other things which makes Westview special. Best wishes to all of you for the future.

David Logan

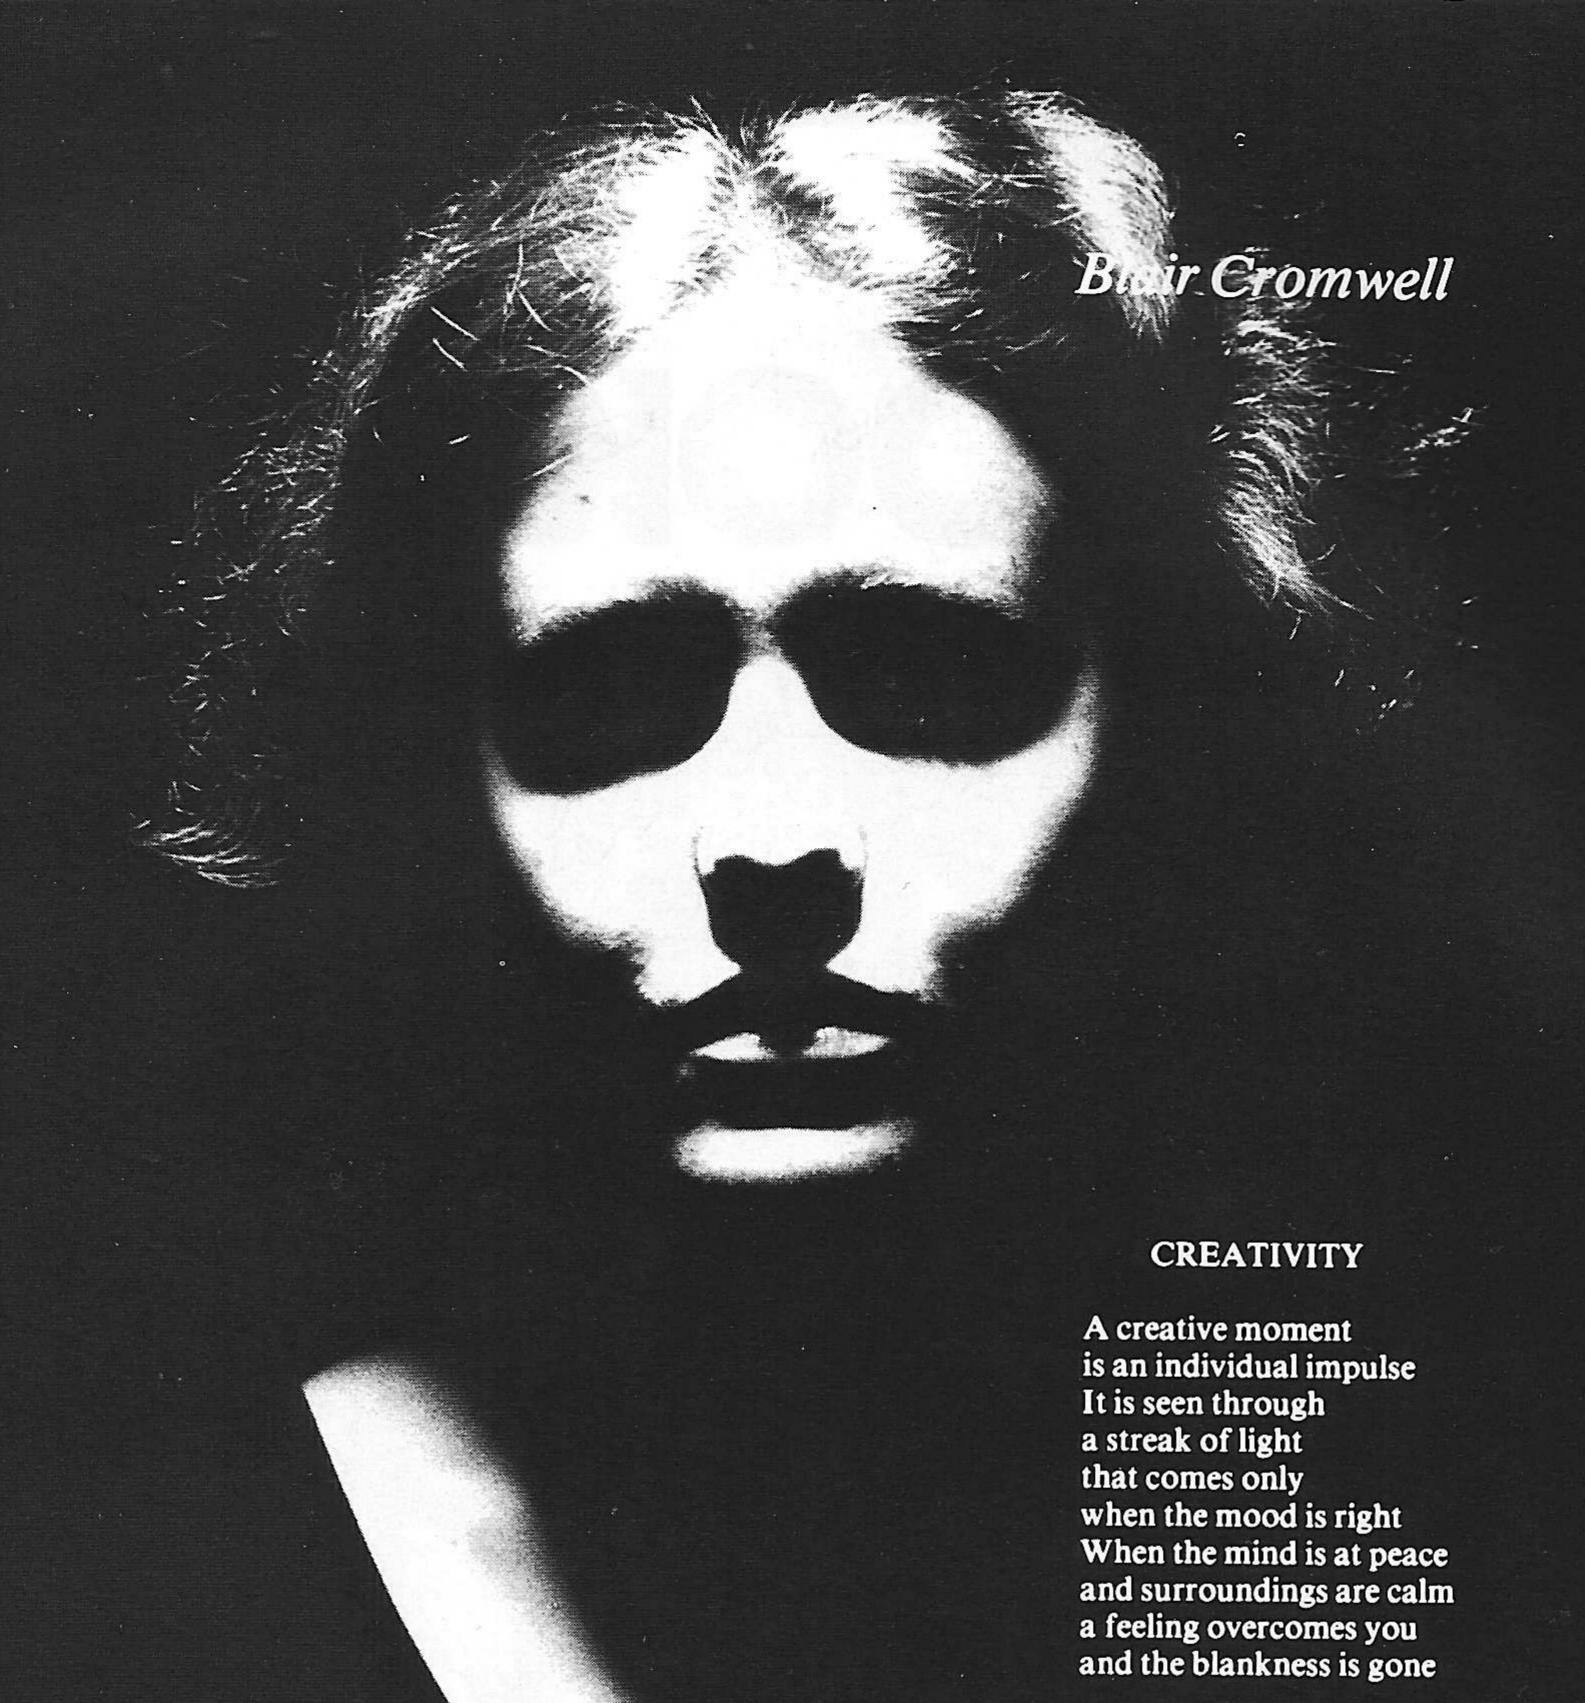

#### Dr. Logan:

Thank-you for all your years of service as trustee for our area. We wish you the best luck in your future.

#### Editor's Message

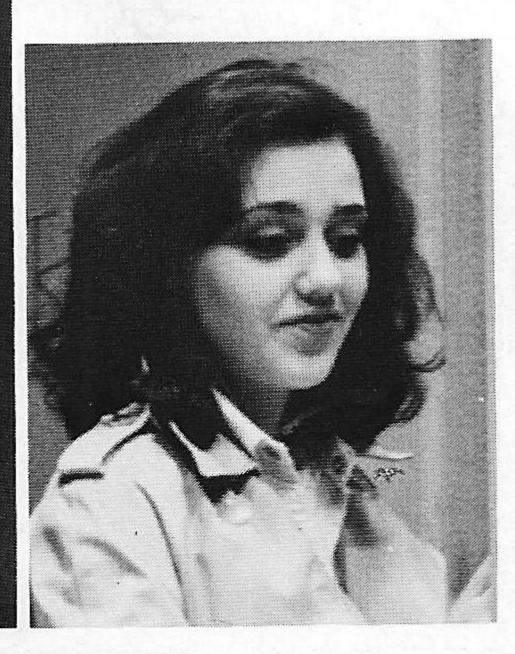

Park Bench is not an original name for Westview's yearbook. In fact, Park Bench existed at Westview about nine years ago. Yet, somehow, after four years, it vanished.

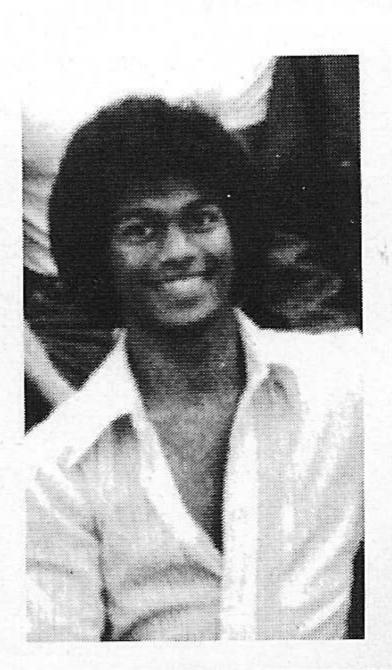

This year, Park Bench has been reborn, hoping that this time it will remain as a traditional symbol of Westview.

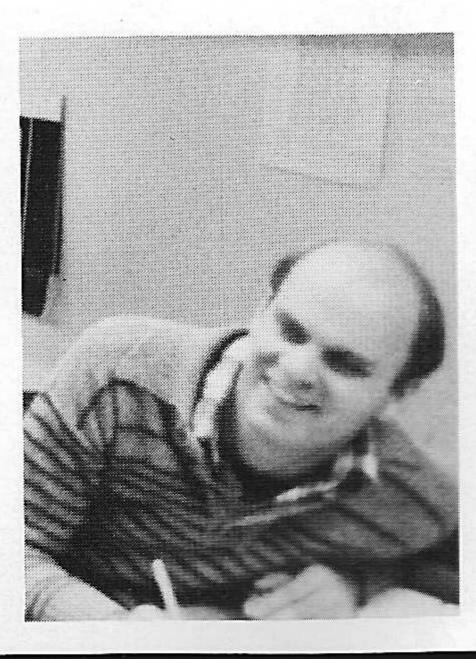

Personal thanks are extended to Hilary Persaud, the Co-Eds, The Group, the photographers, and Mr. Baird for their hard work, patience and conscious effort.

I hope you will appreciate and enjoy the return of Park Bench and the work the yearbook staff has put into its rebirth.

#### Our Park Bench

Walking with my head down
My thoughts had gone astray
I'm headed for our park bench
As my feet kick leaves away.

I never really gave it thought
What this park bench means to me
I remember all my high school years
This, a bench of memory.

My friends and I would come here
At least three times a day
We would sit and talk for hours at a time
And let the world drift away.

This bench has been here for a very long time It's been covered by rain and snow Words of graffiti carved here and there Written by people I know.

I'm really going to miss this bench Now sitting in solitude. I sit here alone for the very first time. In a quiet kind of mood.

To me this bench means friendship And the closeness of a friend One day this bench may be gone But it's memories will never end.

To have little
And have gone a long way
Is to be proud.
To have much
And to contribute little to mankind
Is time wasted.

#### A Thought For a Change

We are all growing in many different ways, always learning from our yesterdays.

Before we step blindly into tomorrow, let's plan our lives away from sorrow.

"The more you do, the more you are."

If we try and find ourselves, we might get far.

Welcome tomorrow and leave yesterday behind, Welcome change and the more we'll find.

Our purpose in life, we must give thought.

Let's move towards it and not let it rot.

We should not run away when confessions arise, by saving ourselves with "Universal alibies".

The true value of our lives, we will see at death.

Only then will we know if we have any regrets.

-ADRIANA VALENTINI-

What if thought may be sometimes more harmful than that which has been spoken?

# The Westview Music Council is a student-run, non-profit organization. Our purpose is to support music and music department activities in and around Westview. This year, the Music Council's main fund raisers have been pinball machines, but we have had other fund raisers such as car washes and serving refreshments at school functions. The money raised by the Music Council has been used to buy new instruments, new music and stereo equipment as well as to pay for Music Festival entrance fees. We need the support of all Westview staff and students and inturn we will make you proud of Westview's Music Department.

This year in competitions, our Stage and Concert bands have picked up many first place awards, while we must not forget our hard working Orchestras who have also won many awards and who have kept the music council going. Believe it or not we are organized! Many people would never believe that this group of INDIVIDUALS could ever work together, but we've proved them wrong. Not only is our system of communication intricate, (catching people in the halls) but it is also effective (getting them to write, type, and draw). There are however, a few flaws in our system. We have had cases where Math tests, English essays, and Doctor's appointments have delayed our production. Once we finally had WRITE ON! ready to be published, the Xerox machine broke down. We have thus come to realize that creativity had no respect for time (Even Yearbook deadlines).

### WESTVIEW ORIENTEERERS

For the past two years, the Orienteering team has been one of Westview's most successful. Orienteering involves finding a series of points using a map and compass while running cross-country. It requires good physical shape and the ability to make intelligent decisions under stress.

This year for the second time in a row, Heather Brown won the North York Championships. Heather's dedicated track training paid many dividends as she was the clear winner, both years. In boys' competition, Mark Hendeson finished a strong second. Overall, Westview had the strongest team.

### A DIARY OF TRIPS AND EVENTS

During the school year, students at Westview participated in many major trips and events.

A variety of trips are offered to students which are related to many of their courses. These trips have enriched the students' knowledge of particular subjects, and have assisted them in their studies. Trips to Quebec City, Lake Couchiching, Dorset, Blue Mountain, Stratford, and Washington have benefitted French, History, Geography, Physical Education and English students. This has provided them with both an enjoyable and learning experience.

Major events within the school have also been assets to Westview. The production of "The Wizard of Oz" and "Italian Night" have provided Westview with entertainment and a sense of accomplishment.

These trips and events have played a major part as the unifying force for our No. 1 school, Westview.

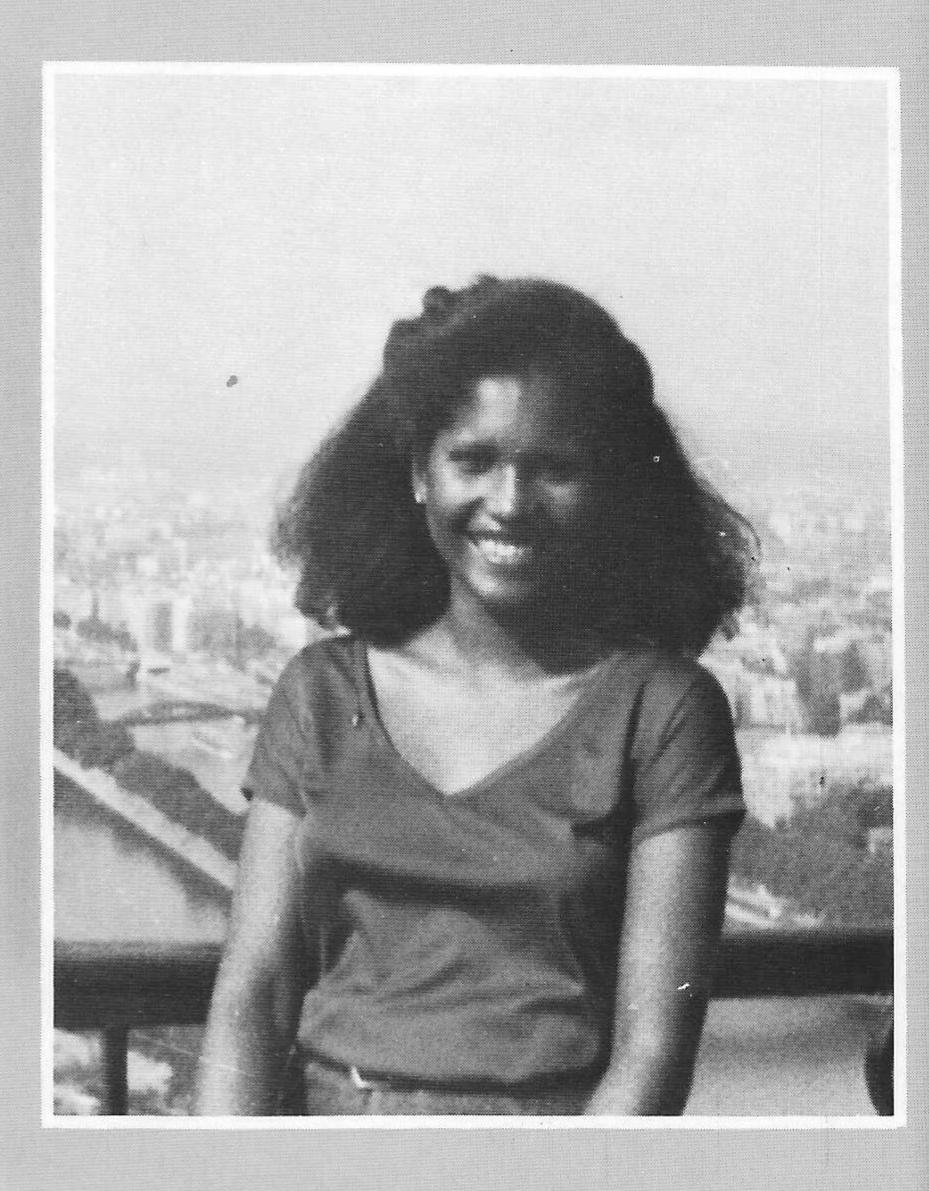

### QUEBEC '78 OCT. 23-27

For another year, the Quebec trip has been successful. It was a great experience for both teachers and students who participated in the event. French and History students both benefited and enjoyed the cultural experience. Sites seen such as The Plain of Abraham and The Chateau Frontenac were memorable. Students also wined and dined in continental French restaurants. The trip was truly unforgetable. Special thanks are extended to those teachers who organized the event.

### FRANCE SUMMER '78

Frances Greenidge was one of the 26 students chosen from Ontario by the Ministry of Education to tour France. Its aim was to enrich the students' knowledge of the French language and culture. The trip consisted of one week in Paris, 4 days in the Loire Valley and 10 days "en famille". The 3 week tour included various excursions such as beaches, Pyrence mountains, wine tasting, museums, chateaus, a Paris disco, the Palace of Versailles, the Louvre, the Tour Eiffel and many more. It was a most memorable experience. 'Vraiment sensationel.

### MULTICULTURALISM 78/79

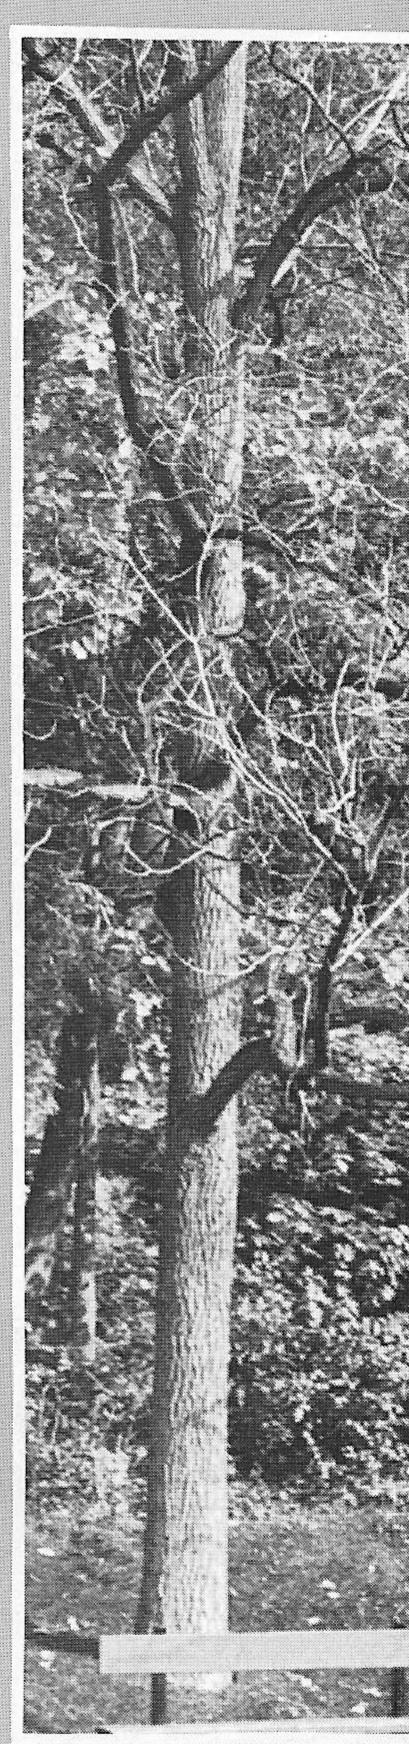

Twelve students from Westview, along with Mr. Diachun, attended the week long Multicultural, Multiracial, Multischool, Leadership Program at Lake Couchiching. The program was jointly sponsored by the Board of Education and the Ontario Human Rights Commission. Seminars on solving racial and school problems were the focal point of the week. Methods of problem solving, trust exercise, and organized sports were just some of the activities designed to aid students in improving their leadership ability. The lessons learned on this trip would be valuable for all Westview students.

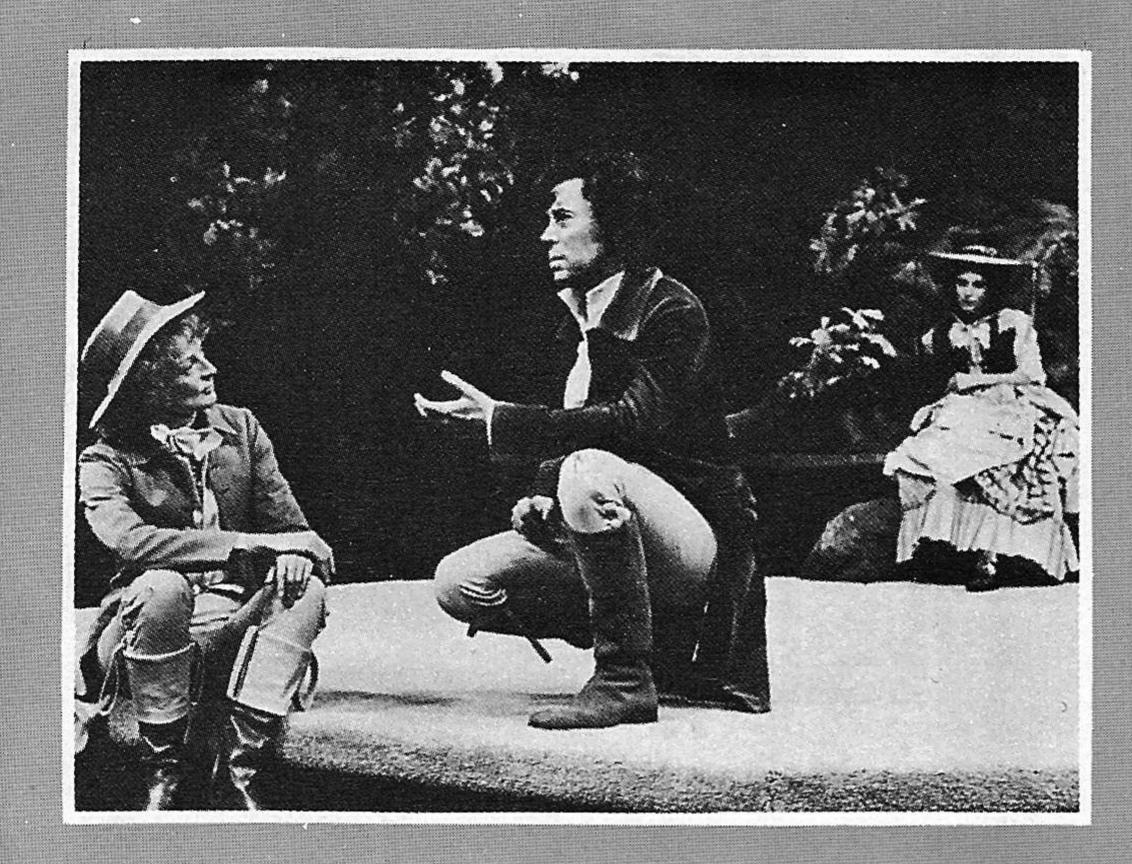

DORSET
78-79

The Dorset field trip has become a tradition at Westview. The Geography department wants its students to realize that Geography offers a diversified selection of job opportunities. Dorset was a realization of all the beauty which nature offers to man and each student became aware of the consequences of its misuse. The program offers a variety of geographical activities and everyone comes home remembering the excellent and abundant food. Activities included; forestry, geology, orienterring, resource management, mapping as well as a skit night, Mr. Baird getting lost (right Jan and Carm), the survival game and Oshipoks overnights. Thank you Westview Geography Department for a lesson well taught. For us, this has surely been a positive memory of Westview.

### STATFORD'79

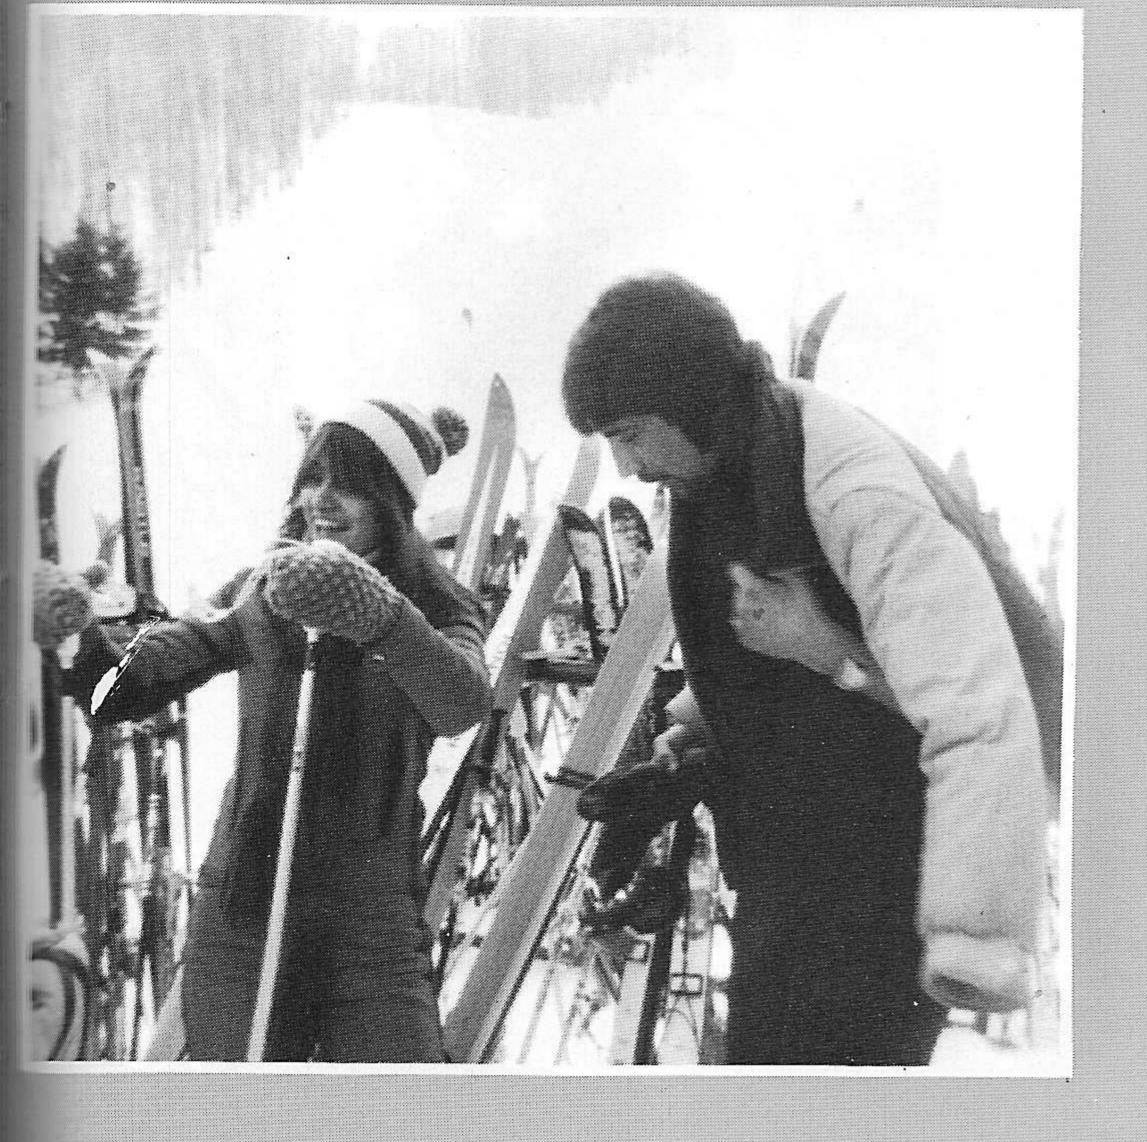

Stratford is a worthwhile exposure to the culture of the English language and literarry heritage. Westview's participation in the Stratford Festival, for the sixth year, has been abundant. Every year aproximately 195 English students and 10 English teachers attend the festival. The majority of the plays chosen are often comedies or literary works studied in school. Past performances include; Richard III, The Tempest, and As You Like It. This year, students plan to attend William I.

### WASHINGTON D.C. MAY'79

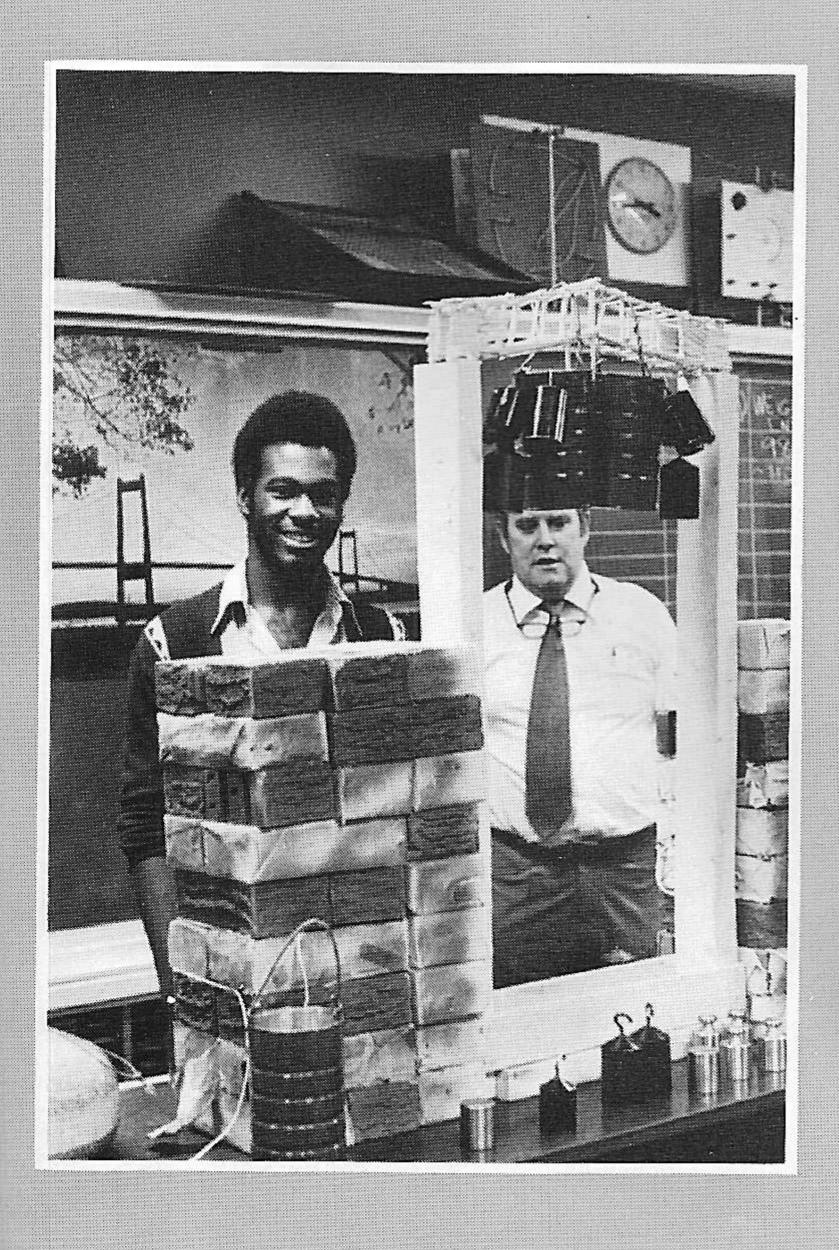

In May, the History department took its' annual trip to Washington D.C. About forty grade 12 and 13 American History and Politics students were in the group along with Mr. Gula and Mr. Hanson. After a stop over in Gettysburg Pa., we proceeded to Washington where various sights of historical and political interest were visited. These included a trip to the House of Representatives, the FBI building, the Lincoln Memorial, and the JFK Memorial. Evenings were free for sight seeing and entertainment. A Good time was had by all.

### BLUE MOUNTAIN

Each year the Blue Mountain ski trips have been a great success. This year's trips dated Wednesday January 22, and Thrusday February 7, have continued this tradition. Both "Hot Doggers" and beginners enjoy a full day of skiing pleasure with the added bonus of a one hour ski lesson from Blue Mountain's competent instructors. Lessons ranged from "Snow plowing" to "Slolem style". Special thanks are extended to Mr. Williams who has organized these trips in the past and will hopefully continue to do so in the future.

FREAK in the Mid Air

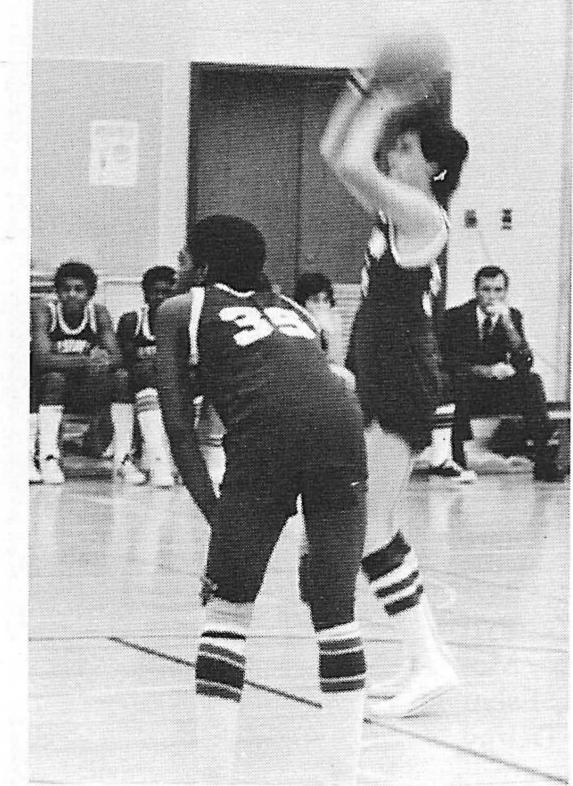

The season didn't start off too well but improved as it progressed. Late in the season the team work really came together and what seemed at the outset to be an impossible situation turned around to become rather enjoyable for the team.

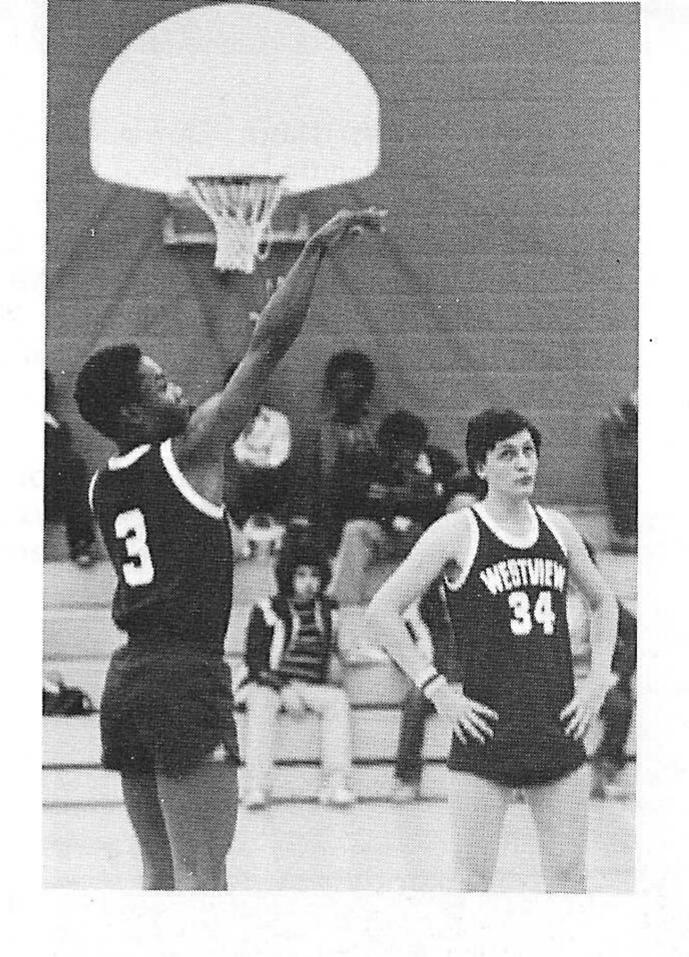

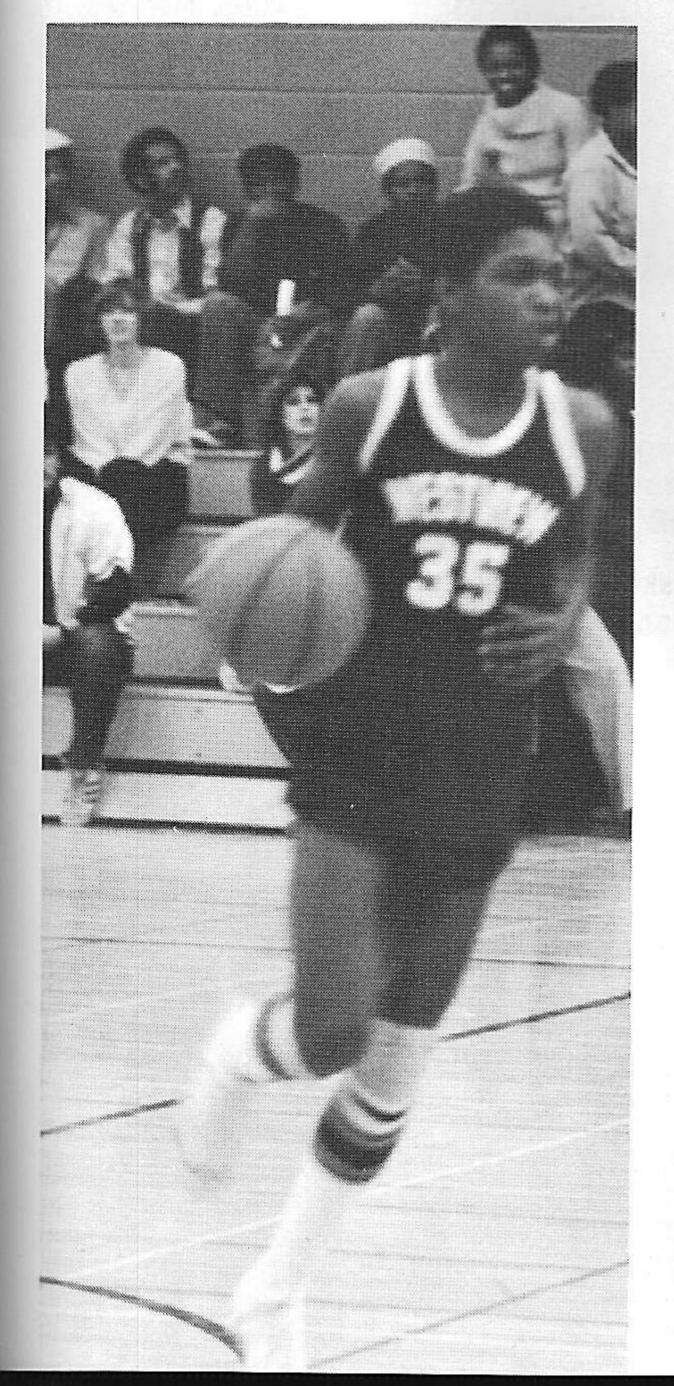

### JUNIOR BASKETBALL

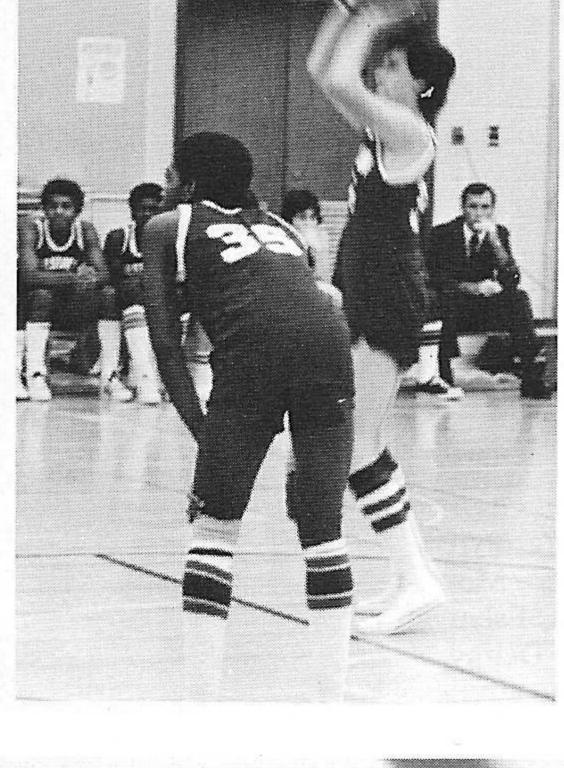

BACK: Coach, Mr. Pedenko, Anthony McBeen, Winston Thorrigton, Eion Robertson, Leroy Phillips, Steve Nelson, George Greene, Mike Graham. FRONT: John Campbell (official), Armando D'Agostino, Phil Smith, Rob Ritchies, Norris Samuels (Manager).

This year's Junior Basketball Team was a very young and talented group. With hard work, the team achieved an excellent 9 wins and only 3 losses. They made it to the semifinals where they lost to George S. Henry, making them one of the four best Junior Basketball teams in North York. Congratulations to the team and coach. Good Luck next year.

My job depends on this.

This fall, the Basic Levelers participated in two outdoor field camps. The first of these was a day at Mr. Madden's farm. On the way to the farm, we stopped at the Holland Marsh and at Mr. Maddens we had a picnic lunch, played volleyball and got to see how a 100 acre farm is operated. The second trip was on a weekend in December at Albion Hills. There we got to "muck out" the stable and went on many hikes to see nature at her best. Both trips were fun for all and we hope that they will be repeated again next year.

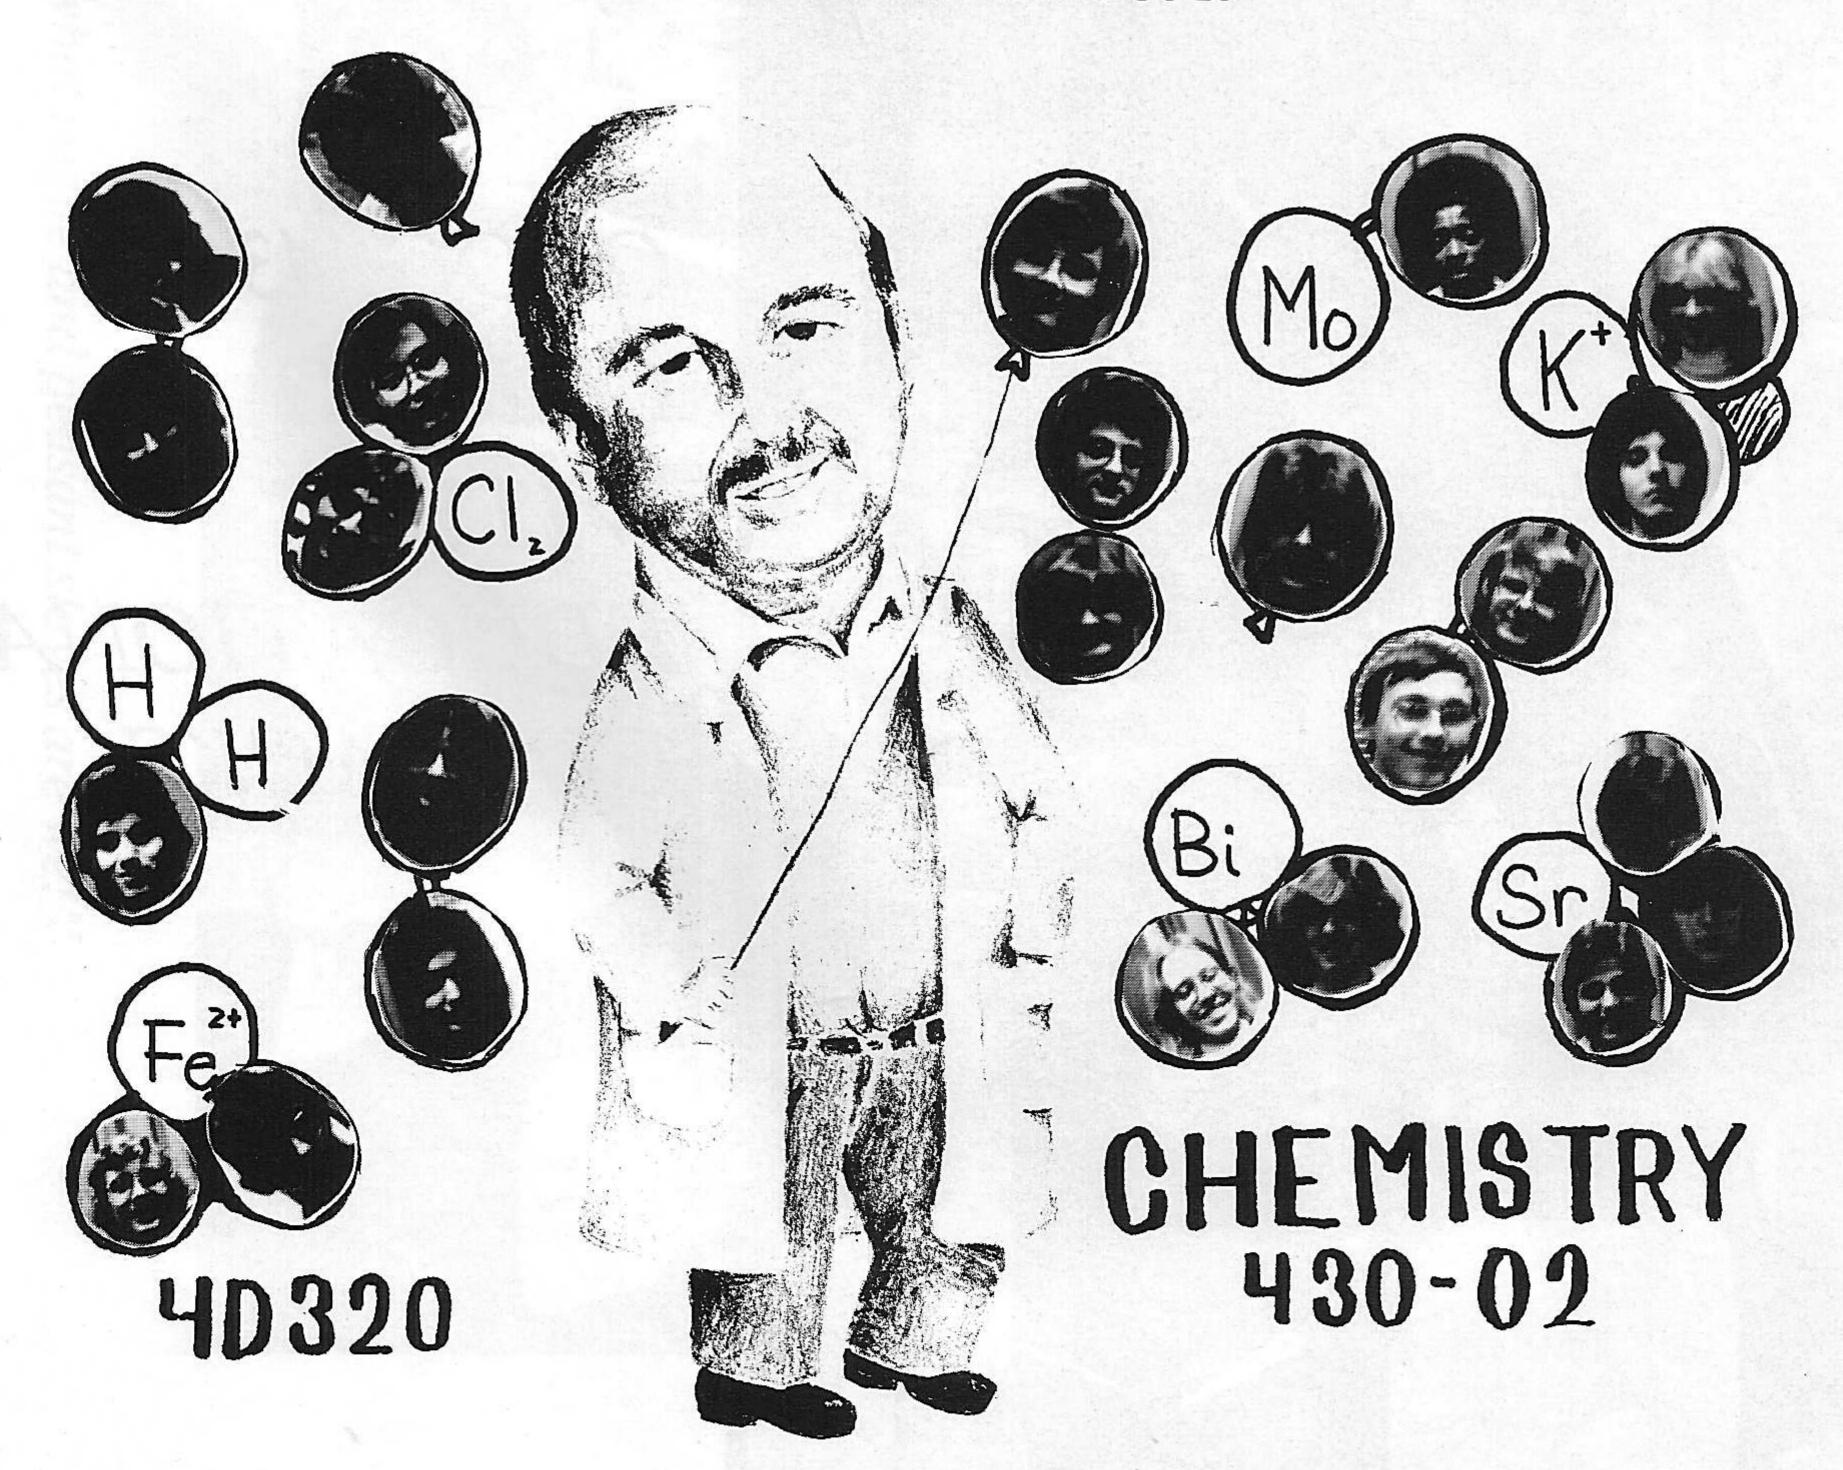

The Basic Level sports program was in full swing this year. In the fall there was a baseball game in which the students tied the teachers. Slugger Mirrett was the star. Next, the students bombed the teachers 2 games to 1 in volleyball. Gerry Ruffolo was outstanding for the students and Spiker Mukaddam PLAYED for the teachers. The hockey game was won by, at long last, the teachers 5 to 4. The highlights of the game were Mr. Hartley tripping Mr. Kofman at the opening faceoff and the passing of the Duck twins. Thanks to all of the teachers who were involved. See you next year.
